

Minutes of the Cemetery Meeting November 10, 2015

Members present: Don Thurston, Bea Harvey, Hazel Winter

Meeting called to order at 6 PM

Old Business:

Discussion of damage at Deerview. Discussion followed, it would be a trade off, we won't pay for the accidental damage, and won't bill the owner for the damage caused to the mower.

We consult with the Sexton, will look into setting specific boundaries for plantings, as things have to be plainly visible.

Discussion of upcoming budget. Don will talk with Susan Lamb and find out just where we stand. We want to include a one time line item for money for enlarging the Memorial Garden as we are running out of room, and it is a very popular option for many.

Some landscaping for newer burials needs to be taken care of, and will be.

There will be no water in Deerview. It seems to be an on going problem of keeping the line in order, and we just don't need the expense or the water. Any water wanted has to be carried in.

We will receive a small bequest from the Estate of Mary Aseltine in the not too distant future. This will go in the endowment fund.

Meeting adjourned 7:40 PM

Respectfully submitted, Hazel Winter, Sec.
