Stormwater Fee – Checklist for STP Credit

- Completed Stormwater Fee STP Credit Application Forms
- Seal and signature of registered professional engineer
- Topographic map(s) or site plan(s) showing existing and proposed topographic contours, scale, and north arrow
- Vicinity Map
- Dimensions describing the existing or proposed improvements
- Impervious delineations and labels (buildings, driveways, etc.)
- Drainage area map, including off-site areas draining through existing/proposed STPs and non-structural practices
- Size and location and labeling of all existing stormwater structures, if applicable
- Construction drawing and details of existing or proposed stormwater controls, where applicable
- Final recorded document (deed description or plat) dedicating storm drainage and access easements, where applicable
- For structural STPs: Provide a description of the STP, and engineering calculations showing stage-discharge and stage-storage relationships of stormwater runoff storage facilities/structural controls, the volume of the permanent pool, etc. At a minimum, calculations must demonstrate that design criteria presented in the Vermont Stormwater Management Manual, as amended, are met.
- For non-structural practices: Provide a description of the practice, location and other pertinent information or calculations. At a minimum, this information must demonstrate that the minimum criteria or restrictions presented in the Vermont Stormwater Management Manual, as amended, are met.
