WILLISTON SEWER ALLOCATION ORDINANCE

Application Requirement

Persons wishing to use the PLANT and SEWERS shall apply to the BOARD on a form prescribed by the BOARD (Attachment B). Such application shall:

- a. Be accompanied by a calculation of the development wastewater flow to be generated by the project/development;
- b. Include calculations for the volume, flow rate, strength and any other characteristics determined appropriate by the BOARD;
- c. Unless waived by the BOARD, all calculations required in (a) and (b) above for developments generating over 1,000 gpd shall be certified by a Vermont registered engineer;
- d. Be accompanied by plans and specifications for the construction of building sewers (from the buildings to municipal sewers) and any municipal sewer extensions, including pump stations, required to service the development prepared by a Vermont registered engineer. This requirement to submit plans and specs may be waived by the BOARD until final connection approval.
