GENERAL POLICY STATEMENTS

1. Plans of proposed sewer service shall be submitted with sewer connection request for review by the Public Works Department.
2. The cost of all materials, labor, and equipment incurred to make sewer connection to the main and run service to the building is the responsibility of the applicant.
3. All materials and installation procedures will be in strict compliance with the Williston Sewer Department Rules, Regulations, and Construction Standards.
4. Any person violating any sections of the Williston Sewer Department Rules, Regulations, and Construction Standards shall become liable to the Town for any expense, loss or damage occasioned the Town by reason of such offense.
5. All hook-on fees shall be paid to the Town Treasurer at the time the building permit is issued or prior to connection to the Williston Sewer System.
6. There will be a 24-hour advance notice given to the Public Works Department before connection. All connections to the Williston Sewer System will be inspected by the Public Works Department prior to the trench being backfilled.
7. I have examined a copy of the fee schedule and understand all sewer connections are subject to the Williston Sewer Department Rules, Regulations, and Construction Standards and the Public Works Standards and Specifications for Construction.
