

**REQUEST FOR BIDS  
PAVEMENT MARKINGS  
TOWN OF WILLISTON**

**Bidding Instructions**

**1. Background:**

The Town of Williston is seeking bids for road line painting. The contract includes 262,672 feet single white edge lines.

**2. Submitting a Bid:**

Please complete the attached Bid Form. Email submittals accepted with Bid Sheet as an attachment and subject as “**Pavement Markings**” by **May 16, 2024**. Email to Bruce K. Hoar, Public Works Director at [bhoar@willistonvt.org](mailto:bhoar@willistonvt.org). Contractor should not be disbarred from doing work in the State of Vermont.

**3. Award:**

Williston reserves the right to waive technicalities and to award the contract that it deems in the best interest of the Town. Williston also reserves the right to change the quantity of work.

**4. Questions:**

Please contact the Public Works Director Bruce K. Hoar, either by email at [bhoar@willistonvt.org](mailto:bhoar@willistonvt.org) or by phone at (802) – 878-1239, with any questions.

**5. Insurance:**

Before work starts, the contractor selected for the work must supply a certificate of insurance listing worker’s compensation, automobile, and general business liability insurance coverage and any other documentation required for payment.

**6. Traffic Control:**

The contractor will provide traffic control devices and will be responsible to provide traffic control personnel as necessary. Cones or other similar lane markers shall be used to protect freshly painted lines until dry. Reference is made to the "Manual of Uniform Traffic Control Devices", Traffic Control in Work Zones. Costs for traffic control, if any, shall be included in the bid for pavement markings.

**7. Payment:**

Payment will be issued within 30 days of receipt of the invoice, provided work is satisfactory.

## **Technical Specifications**

### **Description:**

Road lines will be applied in conformance with the latest version of the "Manual of Uniform Traffic Control Devices" (MUTCD) or as closely to the MUTCD as is possible as interpreted by the Town. The lists of roads and locations will be supplied to the winning bidder. Bidders must provide list of previous experience of at least 10 years upon request for similar municipal projects

### **Materials:**

The contractor shall use chlorinated low VOC traffic paint and or approved water based traffic paint and glass beads. Paint shall be applied at 15 mils. Glass beads shall be applied at 6 pounds per gallon. Application shall comply with Vermont AOT standards.

### **Equipment:**

The contractor shall furnish a self-propelled fully automated pavement marking vehicle designed for this purpose and capable of applying markings in a true line and of even consistency with a minimum of spillage and overspray. The contractor shall furnish qualified operators and will be responsible for all movement of the equipment. The equipment shall be fully maintained and in good condition at all times throughout the work. All other equipment incidental for performance of the described work must also be supplied by the contractor.

### **Line Location:**

On new pavement the lines shall match the existing pavement lines.

### **Method of Measurement:**

The quantity for payment will be the actual number of linear feet of acceptable pavement markings applied to the described streets/highways and as directed by the Town. *Double yellow lines for center lines will be measured as a single line, meaning the linear foot bid will account for both lines.* The contractor shall bill the quantities provided by the Town, unless the contractor disputes a measurement. If the contractor questions a length provided by the Town, the contractor shall notify the Town and an attempt will be made to confirm the measurement.

### **Basis For Payment:**

The unit price bid per linear foot shall include the cost of furnishing all of the labor, equipment, equipment maintenance, and materials necessary to accomplish the described work.

### **Start & Completion:**

This bid is for FY 25 which starts July 1, 2024 and all work must be completed on or before October 31, 2024

### **Notice of Work:**

The contractor shall give the Town DPW 1 weeks' notice before starting work. Start date to be approved by Williston DPW and might need to be adjusted to work with paving schedule.

### **Quality Control:**

The Town reserves the right to conduct panel tests to verify specified thickness, as well as resistance to bleeding, discoloration, and water disintegration as outlined in AOT Standards Section 708.08.

**B I D F O R M**

**Pavement Markings**
