Reed Carr, Chair of Williston Conservation Commission

I hereby resign from the Williston Conservation Commission, as of September 1, 2020.

After serving for 17 years with this wonderful group of people who monitor the development, conservation and recreation processes, I feel that this is the right time for me to step away and provide a space for a new Commissioner to move Williston forward on many fronts.

I am extremely proud of the work done over these 17 years and appreciate the role I have been able to play to ensure lands are protected for future generations, development is thoughtfully assessed and recommendations are made to the Development Review Board and parks and trails continue to expand for residents and visitors in locations to explore the natural beauty of our wonderful town. As I drive through Williston, I am always reminded of the depth of commitment that the other Commissioners and I have displayed to guide the town's plan into reality.

I look forward to seeing this work continuing with the appointment of my replacement.
