RE: Sidewalk Winter Maintenance Request

This memo is to address an additional request for FY20 sidewalk plowing.

The request is from a resident of the Heritage Meadows Neighborhood (Wildflower Circle). This section only meets 2 of the 8 Criteria. Plowing of the sidewalk in this neighborhood will only serve the residents of Heritage Meadows.

Included with this memo is the scoring sheet and the written request.

At this point in time PW does not recommend that this section be added to next year's plowing.
