

**Town of Williston  
Board of Civil Authority  
September 26 2017**

Members Present:     Terry Macaig                             Ted Kenney  
                                 Ben Rose     Carter Smith  
                                 Jim McCullough                                     Deb Beckett

Others Present:         Bill Hinman                                     Kirk Shields

Ben Rose re-convened the hearings at 6:00 PM.

1.         *GMPSolar – Williston LLC Solar Facility*     *4709 Mountain View Road*

Bill Hinman, assessor, explained the reasoning and recommendation from the Lister's office based on the State statute and determination from Property Valuation & Review. (see attached) He noted that he was initially unaware of the percentage set by the Legislature at 13.1% rather than the 30% that was used in the initial assessment.

He then stated that based on the new information it is recommended that the new assessment be \$6,843,000.

Kirk Shields, representing GMP Solar, agreed with the new recommendation as it was presented but pointed out that this is the assessment going forward and not just a one-year change.

On a motion by Terry Macaig and seconded by Ted Kenney it was unanimously voted to concur with the recommendation presented by the Assessor and reduce the assessment on GMP Solar Williston, LLC to \$6,843,000.

2.         *Other Business*

On a motion by Ted Kenney and seconded by Carter Smith it was unanimously voted to adjourn.

Ben Rose adjourned the hearing at 6:12 PM.

Minutes submitted by  
Deborah Beckett  
Town Clerk
